

# Color Green, Lind, Look My Way

Undercover lovers in the shadows of their broken hearts  
Breathin' fear, breathin' fire, breathin' in the dark  
When out from the empty comes walkin' a lonely girl  
Lookin' For A Real Man To Change Her World

Chorus

Oh linda look my way  
Oh Linda look my way  
I said, Oh won't you look my way  
I said, oh won't you look my way  
Oh, Linda look my way

You said you'd never look back  
But I think you're lookin' back right now  
What does a word mean if it don't mean your vow?  
Well I don't wanna talk too much  
Don't wanna be a fool  
Oh Fuck it I never did like them rules

Chorus

And I'll search while i touch you  
And I'll find your special place  
And I'll wait in the darkness For Light to show my face, to show my face

Chorus

I said Oh Linda look my way x 5
