

Color Me Badd, Slow Motion

Ooh sock it to me mama
Oh I thought I saw a pussy cat baby (all right)
Ya she looks like she can be my personal steady,
Ya, let me make this move.
Baby I want cha very bad babe (I do)
And I've been wanting you for so long, oh
And I could never love you fast babe (not you)
I take my time and love you all night long
All night, Yeah,
You know that I want your love
Let me make it right, For you...
All night, You're the one I'm thinking of
Once I make it right
Baby I know you will never go (talk to me ma'ma)
Slow..

Chorus

I like to love you in slow motion
Ooh ya got it goin on (slow)
Let me love you slow, slow
I like to love you slow so morning will come before I do
Let me love you, slow (slow motion is better then no motion, baby)
Ah, come on
My motor is round
You got this animal hype in ya
I gotta slow it down
To get my timing right
Baby I think you're very sexy (sing the song, sing the song) I do
Come over here and get a little bit closer to me, yeah
The time has come for me to love you real slow, slow
Motion lover is what they call me! (good God!)
Chorus

(How do you wanna do it baby)
Oh 20 miles an hour is the speed I drive (all night)
Aint nothin' wrong, I just take my time.
(Yeah but-)Yo check this out (yeah, hey, hey)
Don't get offended if I fall for a little behind baby, yeah! (all right)
20 miles an hour and uh, your rump is mine Yeah!
Repeat Chorus

All night, you know that I want your love
let me make it right- for you
(tie my hands behind my back baby)
All night (you see where I am coming from)
Your the one I'm thinkin' of
Once I make it right.
Oh Make it Good is my national anthem baby
Some slow and sloppy loven,
Is worth gold and diamonds
Like a turtle and hare - I promise I will be there
(oh am I in? On my honor I will do my best to steal all I can
and bonk the rest. yeah!
You all just as crazy as joy!
