

# Color Me Badd, Someone's Missing Love

(European Bonus Track)

heal me with you desire  
you're taking me higher  
baby be my remedy  
touch me, baby just hold me  
my one and only in the land of love.  
I think about it  
I can't stop thinking about tonight girl it  
just ain't right you keep me hanging on.  
I feel a love so strong  
and i just want to show you and hold you  
but baby i'm alone  
chorus

someone's missing love  
and it looks like that someone's gonna be me  
baby oh (repeat)  
feel me baby require  
all that you need girl  
i'll accommodate  
darling there is no price  
I could pay baby for the love you gave  
you are my jewel of the Nile  
I walk a thousand miles to get to this  
love of yours oh baby  
when we get together  
(I say) we're inseparable  
bout now i'm not with you  
I want to do oh what we did before
