

# Coltrane Motion, Supersexy '67

Somewhere west of Manchester  
North Atlantic and Blue  
A girl in Union Jack lays, ecclesiastically  
Green eyes for a guitarist  
With borrowed Marxist hair  
And a speech impediment  
Called Supersexy '67

She's bent over Ikea  
And falling in lust  
While her man hums the Beach Boys'  
"Ko-Ko-Kokomo";  
Wood-paneled and retro  
They watch some TV  
An emo girl selling lipstick
