

# Coma, Dance With A Queen

I never thought it would be a dance with a queen  
I never thought it would be a dance with a queen  
I never thought it would be a dance with a queen

I never thought it would be a dance with a queen  
I never thought it would be a dance with a queen  
A dance with a queen  
A dance with a queen

I'm a little drunk, I can't stop staring on her beauty chest  
Tell me your name or I will tell you if you dance with me  
Or maybe you prefer to fuck me in the toilet  
In a way it's okay, yea

I never thought it would be a dance with a queen  
I never thought it would be a dance with a queen  
A dance with a queen  
A dance with a queen

Your pretty eyes on my mind, my heart is beating too fast  
I am the queen of your life  
I feel like I will step in, into the house of darkness  
I am the queen of your life (your life)  
Oh such a strong desire  
You cannot show me your name  
I am the queen of your life (your life)  
I am the queen of your life  
You have to be more patient

I love Berlin, I need to feel as if I'm drifting  
I'd like to say I'm a little anxious, really like in a dream  
What is your name? You eat those pills then I will let you know  
Now you can call me a queen

I never thought it would be a dance with a queen  
I never thought it would be a dance with a queen  
A dance with a queen  
A dance with a queen

Your pretty eyes on my mind, my heart is beating too fast  
I am the queen of your life  
I feel like I will step in, into the house of darkness  
I am the queen of your life (your life)  
Oh such a strong desire  
You cannot show me your name  
I am the queen of your life (your life)  
I am the queen of your life  
My real name is truth  
I am the queen of your life (your life)
