

Coma, Summertime

In a summertime
Do you remember love?
We were crazy and so young
My little girl I want to hold you now
In a summertime
Just like that
In a summertime
Just like that
In a summertime just like that
You've slowly smokem cigarette
There's no reply (I don't know why)
My little girl
And we were happy like foolish butterflies
In a summertime
Just like that
In a summertime
Just like that
In a summertime
Just like that
In a summertime
Just like that
In a summertime (x4)
In a summertime
Just like the butterflies...
