

# Combichrist, Are You Connected

&lt;My mind is burning but my heart is still beating,  
the smoke chokes your breath,  
a torch in the dark,  
I'm just a corpse of my kind,  
blinded by the light,  
the fear of failure keeps haunting my dreams,  
expressing my demons,  
burning through faith,  
perfect self destruction,  
it's time bury the dead,

in your life are you connected to yourself?  
when you die will you be connected to yourself? &gt;
