

Combichrist, Hate & Booze

I'm about to get a pitcher,
Crack your throat for my addiction,
Kill a bottle or two,
Holding onto the room,
And in my mind you're all bitching,
Can't wait for my cruxifiction,
March myself through the crowd,
To find some booze,
Fuck the glass in my eyes,

Hate,
Booze,
Hate,
Booze,
Hate,
Booze,

Cold blood is my victim,
Atomic mess,
Look me in the eyes,
When I'm kicking your ass,
Lock out the logic,
And relive the pain,
Throw your piss in the face,
of a man with no name

Hate,
Booze,
Hate,
Booze,
Hate,
Booze,

Fight me on earth,
Fight me in hell,
Live for nothing,
Kill the brain cells,
Fuck this planet,
You can do it for free,
They're the ones you love,
Don't know what you can be
Fight me on earth,
Fight me in hell,
Live for nothing,
Kill the brain cells,
Fuck this planet,
You can do it for free,
They're the ones you love,
Don't know what you can be

Hate,
Booze,
Hate,
Booze,
Hate,
Booze,
