

Combustible Edison, Lonelyville

Lonelyville

The name of my town is Lonelyville

Nobody down in Lonelyville

Nobody here but me

Lonelyville

I'm spending my nights in Lonelyville

Seeing the sights in Lonelyville

But nothing's here to see

Population of three

Just me, myself, and I

So if you happen to be passing by

Lonelyville

Don't let me stay here in Lonelyville

Not one more day here in Lonelyville

How I want to go

Back to where I know

I will never be lonely...
