

# Comeback Kid, Broadcasting...

A common threat sits in our house  
They keep on warning me  
But I'm not always listening  
And yesterday I heard the news of fire at my doorstep  
But this morning they're just disputing semantics

Blatantly apparent  
Necessary illusions, broadcasting  
Releasing, persuading, compliance

The common threat sits in our house  
But I feel so far removed  
Keep the production rolling

Please provide us with guidance

Fake it, amuse me  
Necessary abusing. Broadcasting  
Releasing, persuading, compliance
