

# Comeback Kid, Give'r (Reprise)

Fully unaware, already on route  
All the way there  
Follow or lose your way, hurry!

What I don't know leaves me wanting it more  
I'm ready now more than ever  
Felling the shot going through my chest  
Hurry! Follow or lose your way

What I don't know leaves me wanting more

This suspense will ruin me  
Urgency, it's getting the best of me
