

# Comeback Kid, Operative Word

The bloods left on my hands  
And its up to me to wash away  
Its up to me to make it right  
Forget the past  
What's done is done  
I always said so easily  
Now its time that I live my words

Living in those days that hold me back  
They hold me back  
They hold me down  
I knew this wouldn't get me far  
Just away from you full of myself  
And I know  
That there's something inside of me  
That I can give  
That I can give to you

So many times I looked away  
Passing someone off but I'm just the same  
Never gave you a chance  
Now that's a chance  
I'll never take

It won't hold me down  
Again  
It won't take me down  
Again

I'll live my words
