

Commander Venus, The Role Of The Hero In Ant

I fell asleep today, it rained all afternoon

The apartment felt too small, I take up too much room
The night has worn away but she hasn't disappeared
I wanted to say good-bye, but the lonely gray of privacy abounds
Like the kings of ancient times
The light has struck, opened our eyes
And what we saw, the glory of our life unfolds before us
At the edge of all our dreams, nothing is the way it seems we used to be
As history wipes clean the slate that sits....in our eyes
In our eyes

I fell asleep today, it rained all afternoon
The apartment felt too small, I take up too much room
The night has worn away but she hasn't disappeared
I want to say, I want to say, I want to say goodbye

And you, you'll always be my friend (I fell asleep today, it rained all afternoon)
I never wanted this to end and now it has (The apartment felt too small, I take up too much room)
(The night has worn away but she hasn't disappeared)
Forgetfulness will dry the tears that fall....from our eyes (I want to say, I want to say, I want to say g
From our eyes
From our eyes
