

Commissioned, Until My Change Comes

It's been a long time coming
But a change is gonna come
When the dark clouds pass away
Feel the warmness of the sun
I know that You love me, oh yeah,
I know that you care
I can't wait to be by Your side
in the middle of the air.

CHORUS

Until my change comes
Here's what I'll do
Renew my strength
Keep holding on
I'll wait on You.

(REPEAT)

It ain't gonna be easy
But I'll be strong. Some say if You
Really cared um,
It's wouldn't take so long for You to
return for me
If with You is where I ought to be
But I'm gonna believe until that day
I will.... until...

CHORUS

BRIDGE

Gotta wait gotta wait on you
That's what I'm gonna do
I'm gonna stand still
I just wanna be in your will
Just like David and Goliath
I gotta encourage my soul, yeah
Said I'm gonna stand still
Until um...
