

# Common Children, Eyes Of God

Do you wake up without speaking  
Outside in a shallow state of mind  
You come down - you're slipping on your feelings  
This breakdown may one day lead to healing

All the while the eyes of God shine on us  
The broken smile and the eyes of God shine on us

Do you wake up without breathing  
Rub on your faded smile (The tears of love fall down)  
You wanted to be perfect  
You'll have to wait a while  
Dress yourself all up in Heaven  
Let the angels dance inside these feelings

All the while the eyes of God shine on us  
The broken smile and the eyes of God shine on us

Feel the pain, you need to show  
Take the time, now let it go  
Embrace this day of healing

His tears of love redeem us  
The eyes of mercy shine on us

All the while the eyes of God shine on us  
The broken smile and the eyes of God shine on us  
Even now His tears of love redeem us  
The broken smile and the eyes of God shine on us

Shine on us (Tears of love)  
Shine on us (Fall on us)  
Shine on us
