

Common Children, Morning Star

Daylight - fall on me
Daylight - fall on me
Daylight - fall on me
I feel the morning coming on
I gotta make my way back home
I can feel the light shine
The stars are in my eyes - again

Daylight - fall on me
Daylight - fall on me

In the aftermath of grace
I feel the light fall on my face
There's a lot on my mind
And the stars are in my eyes - again

Daylight - fall on me
Daylight - fall on me

I feel the twilight falling down
Spinning me around
I can feel the daylight
And it's all I can see

Daylight...
