

# Common, Forever Begins

Victory won  
in a world of Hennessey and guns  
too young for the marches  
but I remember these drums  
to start reality  
wars and battles  
we fought for ours  
caught in ghetto tragedy  
I talk to my aunt named Mattie Lee  
and recognize the importance of family  
hand me the joint  
good music and room to breathe  
those that doubt  
Com' will soon believe  
can't judge the weave  
my lady had one  
I'm more like a fool  
for soul and passion  
the price of gas rises  
street life is pumpin' fast  
lives is  
I'm watch crash  
and realize that we all survivors  
no religion or race  
whatever describe us  
My guys do dirt do dirt  
but never really talk about it  
Forever begins  
just because I thought about it

[Chorus]:  
Living  
Once Again  
We  
Living  
Then you go (x4)

Ashes and snowfalls  
I wonder when the roll call for heaven gon' come  
forever gon come  
It's a cold world  
and I can never go numb  
look  
fear in the eyes  
say I never gon run  
sooner or later  
I know the cheddar gon' come  
for now I write the world letters  
to better the young  
On tree by jury  
together we hung  
Now we let our chains hang  
and gang bang to maintain  
ghanastan goin' through the same thing  
It trickles down  
at each other we aim pain  
I shoot for stars, peace and exclusive cars

Through the while I learned to earn hard  
Watch gangstas turn God in the mist of war  
no matter how much I elevate,  
I kiss the floor  
It was in the ?? when she said Dilla was gone

That's when I knew we'd live forever  
through song

[Chorus] x2

Origin

Is forever

well, well well,

we are back in the studio again

look at that

hey I don' need no cue cards

they got the engineers holdin up the cue cards

What that say

Oh they say, just talk, don't sing

son, i bet you and I feel like you and I've been here forever

30 years old red eyes,

beholding red eyes

I see my world's tears

Yeah, origin is forever

every peak will have 2 values

hopeful eyes in the comfort

of true protection and admiration of the chime

that's forever

forever is to strive

a place of endearment

forever is what I leave

my I-self contribution

Damn, what I gon' leave?

Ok...

I leave my one and only grain of spiritual sand

to universal scales of humanity, all humanity

forever is finding a solution to a solution

tsunamis, hurricanes,

following the trails of the African slave ships

war, war, and more war

Floods, Columbine, Global Warming, Earthquakes

Another somebody done me wrong, son

Virginia Tech, is not an, "Oh, What the heck."

we're still, did you place your one grain

of spiritual sand forever?

confusion need a solution

Blend and stir, stir and blend

the part of humanity; sift the ingredients

of acknowledgment, apology, amendment, atone

we gonna work with the four A's here

forever part

Common good is forever

God's memory is forever
