I draw a crowd like blood with the 'pint of' technique
and everybody there be like, "YEAH!"
Cause cain't near a nig dat'll say 'Whoomp, There It Is'
I'm like a mom on section 8, over-bearing kids

Youse a hamburger, I'ma Fudrucker
askin me to lettuce ketchup, knowin you can't cut the mustard
So where's the beef, jerky?
I'm as Worthy as James, not that good with names
but I do remember your face from someplace this is one taste
of Chicago, we got mo' many mo' many mo' many mo' flavors
Don't just come to me, go ask thy neighbor-I'm-a-hood takin niggaz
under
on the tundra, cause "they're plain, they're plain" (Fantasy Island)
I'm on a plateau that is fat so
It's just a fan-tasy, for the fans to see
how I land, I'm grand like a finale
I'm goin back to Cali (why?) cause Cali got bitches check it
Aiiyo Dart this is a sickness
Dee-da-da-da-doo-doo, dee-da-da, ah-eh-da-da
Dee-da-da-da-DOO-doo, dee-da-da, dee-da-da
South Side, rock on and
The West Side, we gotta rock on and
Hey yo Chicago, we gotta rock on and
The East coast, you gotta rock on and
The West coast, you gotta rock on and

Check it... "Now you can go!"
Mister Pussy Emcee, just get on gone

Steppin to me, with them dirty feet you'll get defeated
like Kunta Kinte, I'm kin to, align crew
My great, great, grandpap done been through
so much it's in my hemoglobin to be a ill nigga
So I figure like a father... that I'ma Turn This Mutha Out
But Common you ain't hittin in New York

Some cats think I'm six feet I'm so deep
Some stunts be thinkin I'm six-fo', my shit be hittin like switches
Bitches, ask, why my, britches, sag
I ask the bitches, "Why your titties saggin?"
Put your nipple to the bottle I bust rhymes like breastses
I can get down, d-d-d-down like pessimist
Ring the Alarm, I got Charm like a neck-a-lace
Tell me true statues had to move they neck to this
Didn't you, didn't you... and it, and it, and it
and it don't stop, bust it
[Keith Murray] "Gotta crew ya better tell em"
