

Compton's Most Wanted, 8 is enough

Get ready for the apocolypse.
Because a nigga know he can't stop this.
And fool had to figure, when my tongue is the trigger.
Now a piece in my mouth is releasing buckshots.
No escaping because perpetrators get smoothed popped.
So raise the fuck up cause the Eiht is gonna hit you
with another gangsta lick,
but not a rap about a bitch
or a hoe, or a hoe with no kinda guts.
Who gives a fuck what your saying so get these nuts. Geah.
It's the nigga that you can not bite, no.
Thick like steel, you cant kill the Compton Cyco.
Here to woof a little shit about your punk ass.
Get the cash, make a 100 yard fucking dash.
But I aint through, gonna take your ass up.
St. Ides brew as I wait for you in the cut.
I guess I'm starting to see your tired of me.
It's tough, nigga say Eiht is enough.
Damn, watch the Eiht go very deeply.
I dont think that your fucked up style could taunt thee.
I'll fuck that ass, take your cash.
And this nigga keeps on sticking till you just can't last.
Geah, I need the money so fuck the dumb shit.
And the hell with being legit, so watch out for the hit.
You can't juice this, it would be useless to try this.
Down your man like a can of St. Ides.
And right then I start to kick.
And better hope the Eiht don't get too sick.
Cause if I cough, I wont stop, I'll keep bussing.
I'll just pause and take a spoon of Robotusin.
And take this shoe in a size ten in a half.
Put it in your ass cause your making me laugh.
Geah, and I deal with bustas like a duster.
Nigga say Eiht is enough-ah.
Mmm, one more for the fucking road.
8 seconds to get out before I explode.
Boom and that spells doom for your crew G.
Niggas can't fade the Eiht and the Mike T.
Bitches can't fade us neither.
Always learn to get burned by a heater.
Mutherfuckers need to come to they senses.
Fuck with the Eiht and suffer the concequences.
Saps always do the mutherfucking bragging.
Fools couldn't light my blunt with a dragon.
And to the bitches that got no clout.
Bring a shovel so the Eiht can dig you out.
Geah, I'll put a hurting to you punk suckers.
You can't gank me fool, unh uh fucker.
Its the nigga from the free wheel prison.
Compton Compton nigga, thats how I'm living.
And if you fuck with that I'll call your bluff.
But don't forget mutherfucker, Eiht is enough.
Geah, back for the mutherfucking nine deuce.
Putting my foot in your ass just a little bit.
And you know I can't quit, so fade this shit. Fool..
