Concrete Blonde, (You're The Only One) Can Ma

Lots of guys can make me laugh And show me some good time Treat me nice and want me by their side Lots of people call themselves my friends And that's alright But you're the only one I let inside

You're the only one who leaves me warm and satisfied And you're the only one who takes me wrong and makes me right Oh, and if you took your love away You'd leave me high and dry Cause baby, you're the only one can make me cry

Now lots of people talking at me Tell me what is right And lately I just don't know what to do Ah, the only thing that matters is If you're with me at night Everything's all right when I'm with you

You're the only one who leaves me warm and satisfied And you're the only one who takes me wrong and makes me right Oh, and if you took your love away You'd leave me high and dry Baby, you're the only one can make me cry You're the only one can make me cry.
