

# Confederate Railroad, Queen Of Memphis

I hitchhiked up to Memphis, a young boy in my prime  
I thought that big old city would ease my Georgia mind  
After just one hour, I met a Southern girl  
She said they call me the Queen of Memphis  
And then she took me around the world

## CHORUS

I saw stars dancing on the water  
I heard Elvis singing Blue Suede Shoes  
That old muddy river was my witness  
The night I fell in love with the queen of Memphis

I woke up the next morning a prisoner of her charms  
She showed me things I'd never seen back there on that farm  
She set my soul on fire, she completed all my dreams  
A boy became a man that night in the arms of the Memphis Queen

## REPEAT CHORUS

Just like that old man river she keeps rolling through my mind  
And you know I won't forget her 'cause she was one of a kind

## REPEAT CHORUS
