Confederate Railroad, See Ya

I guess I should have seen it coming I should have read those warning signs But her leavin' me was something That never even crossed my mind 'til she said...

CHORUS

See ya, wouldn't want to be ya Wouldn't want to stand in your shoes And watch me walking out on you It's too late, you're finding out the hard way Boy, I'll see ya I wouldn't want to be ya

She was standing at the door when I told her I was sorry for the things i didn't say I asked for one more chance to start all over But it's over was all over her face

REPEAT CHORUS
