

Connells, Saturday Nite (Usa)

They say you've been around
They say you've been uptown
Funny, I was with you
I just can't recall
But they say you've been around

They say you've been denied
A chance at yourself
They say you even tried
To make a go
Funny, it's been so hard
To try and understand
They say you've been untied
I'll see for myself

It's a weird and wonderful time
It's been so long I thought I'd better ask

Let's settle it now
Isn't there something that keeps us alive
Let's settle it now
It's got to get better
And better's alright
