

# Connie Francis, Don't break the heart

Don't break the heart that loves you, handle it with care  
Don't break the heart that needs you, darlin', please be fair  
Why do you flirt and constantly hurt me  
Why do you treat our love so carelessly  
You know I'm jealous of you and yet you seem to try  
To go out of your way to be unkind  
Sweetheart, I'm begging of you don't break this heart that loves you  
Don't break this heart of mine

SPOKEN

Darling, please don't hurt me. Please, don't make me cry. I don't know what I'd do  
if you'd ever say goodbye. Remember I love you so much and love's life's greatest  
joy. Please don't break my heart like a child breaks a little toy.  
Sweetheart, I'm begging of you don't break this heart that loves you  
Don't break this heart of mine  
(Don't break this heart)
