

Connie Smith, Don't Make Me Dream

DON'T MAKE ME DREAM
(Bob Morrison - Wanda Mallette)
'78 Southern Nights Music

I can't believe you're at my door again
You hurt me once I shouldn't let you in
I know you'll always find the way back to my heart
So I'm begging you before you make me start
Don't make me dream if dreaming can't come true
Don't make me dream if I can't have you
Don't make me mad don't make me cry
Don't stay a while then say goodbye
Don't touch the feelings we once knew
Don't make me dream if dreaming can't come true
There was a time I lived to feel your touch
I never knew goodbye could hurt so much
But I still see some magic in your eyes
So don't come back and tell those same sweet lies
Don't make me dream if dreaming can't come true...
Don't make me dream if dreaming can't come true...
