

Connie Smith, Go Away Stranger

My love is not within my reach and so I want this lonely beach
But stranger please don't bother me I don't want your sympathy
Go away stranger can't you see you're only disturbing me
And my memories of yesterday so stranger go away

[strings]

Are my tears entrancing you well I don't remember inviting you
There's nothing you can do or say you're not like him in anyway
Go away stranger...
Please stranger go away
