

# Connie Smith, God Is Abundant

God is abundant in mercy and love he died to redeem us from sin  
Soon his son is coming to take us to him God is abundant in mercy and love

When I am lonely and filled with despair  
He comes and he makes my heart know that he cares  
Sharing my burden he lighten my load God travels with me each mile of the road  
[ piano ]  
Yes his son is coming to this earth for me then I'll live in glory through eternity  
I'll hear him say welcome you've won a good fight  
Now your world is over here's your robe of white  
God is abundant...
