

Connie Smith, I Don't Know Why I Keep Loving You

(I don't know why I keep loving you)

I know the sun will rise tomorrow morning

When morning comes I know it brings the dew

I know a storm can come without a warning but I don't know why I keep loving you

I know that you can't help these things you're doing

Oh you don't mean to hurt me yet you do

I know if this keeps on you'll be my ruin but I don't know why I keep loving you

I keep waiting for the change that never seems to come

The change that will make you love me too

But I know from your past there'll be no changing I don't know why I keep loving you

I don't know why I keep loving you
