

# Connie Smith, I Love You Drops

They're not teardrops just sincere drops they're I love you drops and I love you  
They were on my pillow when I woke up this morning  
They were on the letter I tried all day to write  
And just a little while ago I saw them falling on your picture as I kissed it goodnight  
I love you drops I miss you drops hurry home drops you've been gone so long drops  
They're not teardrops just sincere drops they're I love you drops and I love you  
[ violin ]  
Never knew this heart could hurt the way it hurts for you  
Never lived so many lifetimes in a week  
Why don't you come back to me the way you said you would  
And kiss these little crystals off my cheek  
I love you drops I miss you drops...  
(Hurry home) I love you
