

# Connie Smith, It's Not The End Of Everything

Just because your love is gone don't think my life won't still go on  
Because you wanted to have your fling it's not the end of everything  
The world still turns the sun still shines there's lots of guys for hearts like mine  
One never knows what tomorrow might bring it's not the end of everything  
Just look at the things I still possess like a heart that is filled with emptiness  
And the life of pure unhappiness two arms that hold just loneliness  
My rule's overflowing with blue blue songs think of the nights I can spend all alone  
And all of the days I can just sit and dream it's not the end of everything  
It's not the end of everything
