

# Connie Smith, Little Things

I hope I won't disturb you with this call I'm just in town for such a little while  
And I thought perhaps you'd like to hear the news  
Jeannie's grades were the highest in the school  
Billy sure does look a lot like you I understand your other son does too  
And Billy said tell dad I miss him so  
These were some little things I thought you'd like to know

Remember Sam and Peg who lived next door  
With them it seemed we always laughed so much  
Well Sam and Peg don't live there anymore  
I understand they broke up just like us  
The house we lived in now has been torn down  
Of all the things we owned the last to go  
A freeway now runs through that part of town  
These were some little things I thought you'd like to know  
These were some little things that I thought you'd like to know
