

Connie Smith, My Whole World Is Falling Down

My whole world is a falling down falling down falling down

My whole world is a falling down I'm losin' my baby

[piano]

You told me that your love for me was true

Said you would love your whole life through

But now you'r asking me to set you free

You found somebody you love more than me

My whole world is a falling down...

[piano]

Where did she come from what's her name what did she do to set your heart a flame

I'm all alone while she's with you you're having fun my heart's breaking in two

My whole world is a falling down...

[piano]

I miss your loving that was so fine I need it I need oh all the time

I still love you in the same old way but I'm losin' you a little more every day

My whole world is a falling down...

My whole world is a falling down...
