

Connie Smith, What Would I Do Without You

You're always right there when I need you you cheer me up when I feel blue
You are my guiding star just right for me you are what would I do without you
When I get to think how you worry though you won't admit that you do
You baby me a lot oh what a price I've got what would I do without you
You stand beside me when things go wrong and when I weaken you make me strong
And when I'm weary then there's your touch no wonder I love you so much
I searched the whole world till I found you and it was a miracle too
And now you're mine you know I'll never let you go what would I do without you
What would I do without you
[ac.guitar]
I searched the whole world...
