

# Conquest, I've Seen You In My Dream

I saw the sunrise in the sky  
It was so long  
So many years I couldn't find  
The magic crown  
The crown of woman of the night  
Beyond this world  
Of woman who came in my life

(Chorus:)  
I've seen you in my dreams  
and I wanna be with you forever  
I need you, stay with me  
Just touch my skin, Just take my soul  
Into hell.

Your arms are cold your eyes are dark,  
Lady Night  
You drift inside my gloomy mind  
Like ray of light  
You'll take my mind so far away  
From real world  
Into your kingdom I'm your slave

(Chorus.)  
(Solo: A. Zakharov)  
(Chorus.)
