

Consumed, Black And Blue

Down at the back near the shed
I'll be there waiting for you
I got a surprise for you
A garden tool to fill your face in

It's likely You'll find her there
Yeah she will come, She couldn't miss it
And all the boys will be there
'Cause they're not square,
They're always seen there

They'll fill you in

So if you change your mind
Better look up, better be taller
'Cause they're not the kindly type
They'll have a say, but they give no reason

They'll fill you in

And now they're coming down on you
Black and Blue, Black and Blue
Didn't I tell you what they'd do?
Black and Blue, Black and Blue
Didn't I tell you what to do?
Black and Blue, Black and Blue

And now it's coming down on you
Black and Blue, Black and Blue
Didn't I tell you what they'd do?
Black and Blue, Black and Blue
Didn't I tell you what to do?
Black and Blue, Black and Blue
