#### Tell me

One more time the reason why you must leave Tell me again why you think you don't need me Tell me again but don't think you'll convince me.

### You said

About fallin' in love again you'd rather be dead When somebody breaks your heart you cry your eyes red There's nothin' so hard about the life that you led.

As far as I can see there's no reason for goodbye Cause you're just runnin' scared and that's something I won't buy.

## So you lose

I won't let you go and nothin' to show but more blues And all this talk about leavin' is strictly bad news You settle down and stay with the girl who loves you.

As far as I can see there's no reason for goodbye Cause you're just runnin' scared and that's something I won't buy.

# So you lose

You settle down and stay with the girl who loves you You settle down and stay with the girl who loves you You settle down and stay with the girl who loves you.
