blood destruction, dead human being, children, civilians enough of seeing, the news the papers are full of that shit, i can't take it, i gots to

get rid of it, and if you know what i mean you gots to know what i mean, am i going insane, or is this just a bad dream, no this is nightmare, but truth as hell, hell is on earth, hear the satanic spell, i gotta do something but what can i do, wow there comes a warhero.

ik: i'm a miracle child of this ignorant age, and i'm coming through your block with a rampage, my style and my sound, they cause hysteria, better be prepared when i'm coming through your area, coming on strong like a raging bull, just step back cause my cup is full, i won't have it no more, i can't stand it no more, united we stand, divided we fall, you're guilty of a murder in the first degree, just how damn cruel can a human be ? nonsense, violence, both are the same, cause killing in the name won't give you any fame, ashes to ashes, dust to dust, your militarism fills me with disgust, showin obedience, standing in line, refuse and resist, i gotta get mine

mt: war heroes, with their army and weapons, children grows up in the middle of chaos, learning to hate each other, kill another, destroy the mother earth, sucker, so many

reasons to kill your brother, religion, money, killing is funny, leaders are just watching the show just playing the game, how many credits are left before the blood rains ? nuclear

shit is ready to use, but who will push the button who will light the fuse ? i don't know but i can easily imagine, world is full of insane men and war is fashion nowadays, when

no-one can hide, civilians are targets, enemies in wrong side, your side, my side, world is black'n'white, walk through the battlefield, religion is the guide.
