

Conway Twitty, Even A Fool Would Let Go

It's funny how love goes cause I know this could never work out
But honey how love grows even though there's no reason to doubt
This can never be you keep saying it's wrong
Neither one of us is free still I wanna hold on

When even a fool would let go cause he knows there's no use in trying
Even a child would say no when he knows he'll end up crying
Tell me now is it wise holding you when even a fool would let go

My love has no reason like the words in a song that don't rhyme
My love got no season I just know that it's there all the time
Maybe just you and me I can't believe that's wrong
Thinking about you and me makes me wanna hold on
But even a fool would let go...
When even a fool would let go...
