

# Conway Twitty, She Takes Care Of Me

She takes care of me whenever I need lovin' she takes care of me  
She's so good for me she don't tie me down but she takes care of me

The colored light stand by as I pass through another town  
Just riding on the wind I'm not the kind to settle down  
And where the highway ends my baby's standing in the door  
She takes what I can give and nothing more  
She takes care of me...

I can't promise her tomorrow I won't drift away  
Cause I might be in Dallas maybe down in Santa Fe  
She understands today it's really all that's on my mind  
I'll love her hard and leave the past behind  
She takes care of me...
