

Conway Twitty, Spiders And Snakes

I remember when Loretta Lynn said you wanna walk me home again
And I said mhm yes I do
And she said well I don't have to go right home
And I'm the kind that don't want to be alone if you would I would too
Ha ha and so we took a stroll and wound down by the swimmin' hole
And she said do what you wanna do I don't care
Mhm I got silly and I found me a frog in the water by a holler log
And I shook it at her and I said Loretta this frog's for you

I don't like spiders and snakes and that ain't what it takes
To love me like I want you to
I don't like spiders and snakes and that ain't what it takes to love me
Like I wanna be loved by you

Well I think of that girl from time to time and I phone up when I got me dime
And I say hello baby ain't you cool
Ha ha she said do you remember when and you like to get together again
If you do hey I'll see you after school
Ha ha well I was shy and so for awhile most of my lovin' was nothin' but smiles
Till she said come on over here I don't care
Mhm mhm I was nervous as you might guess
Still lookin' for somethin' to slip out her dress
And she said evidently Conway you don't know why we're here ha ha ha
Yeah I don't like spiders and snakes...
