Cool Hand Luke, We've Only Just Begun

have i ever wanted this much before still a slave at every move i make your beauty rest within the skies my eyes have fallen from Your ways but they will see take it as it is with no exceptions found a way of letting You in found a way of vanishing found a way of letting You become me oh to know what it means to be free all i know and all i see is You run to Me, trust in Me, run to Me i love you the air i breathe the sand beneath my feel the sun that's in my eyes everything is You the song i sing the blood within my veins the blue eternal skies everything is You my sweet Jesus
