

Cootees, I Want The World

I am all alone
And I can't be without you
Can you feel the pain that's in my heart
Its been so long
Since I've had you near me
And it is tearing me apart

I wanna be with you
I wanna change my life
I wanna help somebody
You know I've got the time
I know there's pain inside you
I don't want any other girl
You don't like the Earth we live on
Then I'll change the world

And it's true
That I can say I love you
With all that's left inside my soul
You're the only one
That makes me laugh instead of cry
You're the only one
That makes me whole

I wanna be with you
I wanna change my life
I wanna help somebody
You know I've got the time
I know there's pain inside you
Don't want any other girl
You don't like the Earth we live on

I want the world
I'll take control
I'll try to make things right
I won't turn out the lights
I won't turn my back on you
When things are down
I'll turn it all around
Turn a smile from a frown
That's what I'm gonna do...

I wanna be with you
I wanna change my life
I wanna help somebody
You know I've got the time
I know there's pain inside you
I don't want any other girl
You don't like the Earth we live on
Then I'll change the world

Change the world...
Change the world...
Change the world...
Change the world...
Change the world...
Change the world...
Change the world...
