

Corbin Bleu, Paralyzed

Dejavu, that's what I am feeling tonight with you
'Cause I promised myself that I wouldn't lose my cool
But I am sucker for a pretty girl, yeah, yeah
You got me doing things, I've never done before
I tell myself that I, I need to let you go
'Cause you're the only one that I have an appetite for
So, here I go..

Refren:

I only came over to tell you girl,
That there's something between you and I
And now that you've touched me I am at a second lapse
So I am not gonna leave you tonight
'Cause my heart is paralyzed (I can't move girl) 'Cause my heart is paralyzed ('Cause of you girl) 'C
I drug my feet on my way over to do my speech
I was gonna tell you that we could be perfect
But I keep trippin' everytime you smile
You got me doing things, I've never done before
I tell myself that I, I need to let you go
'Cause you're the only one that I have an appetite for
So, here I go..

I only came over to tell you girl,
That there's something between you and I
And now that you've touched me I am at a second lapse
So I am not gonna leave you tonight
'Cause my heart is paralyzed (I can't move girl) 'Cause my heart is paralyzed ('Cause of you girl) 'C
You see what I planned
I thought that I could put you in my grasp (oh yeah)
But I guess I got it bad
I was gonna walk away, but somehow I cant...

I only came over to tell you girl,
That there's something between you and I (you and I)
And now that you've touched me I am at a second lapse
So I am not gonna leave you tonight
'Cause my heart is paralyzed (I can't move girl) 'Cause my heart is paralyzed ('Cause of you girl) 'C
