

Cord, Hard To Say

I can't point it out
Cause it has always been so hard explaining what I felt
To anyone but me
I found someone who cares
I found someone who understands the things that I don't share
When everyone's around
Cause it's how it should be
Oh it's how it should be
Oh it's how it should be now
When you turn me upside down
And I don't give a damn
Cause I never thought it was possible to understand
The meaning past my mind
And I won't let it roam
Cause I can only contradict the things that I don't own
When everyone's around
Cause everything you wanted to hear, it's so hard to say
It's so hard to say
And I would never judge from you here, cause that's so unfair
Cause that's so unfair
