

# Cord, Hard To Say

I can't point it out  
Cause it has always been so hard explaining what I felt  
To anyone but me  
I found someone who cares  
I found someone who understands the things that I don't share  
When everyone's around  
Cause it's how it should be  
Oh it's how it should be  
Oh it's how it should be now  
When you turn me upside down  
And I don't give a damn  
Cause I never thought it was possible to understand  
The meaning past my mind  
And I won't let it roam  
Cause I can only contradict the things that I don't own  
When everyone's around  
Cause everything you wanted to hear, it's so hard to say  
It's so hard to say  
And I would never judge from you here, cause that's so unfair  
Cause that's so unfair
