

Cord, This Time

Don't tell
Intentional display a typical conversation
From here
To what u would say of how it was supposed to be
This time
Can't help
Anything I've done this is a constitution
For now
To what you would say of how it was supposed to be
This time
You sank right in my plans
When you said it's over now
Forget
Everything been done time for your next vacation
From here
To what you would say of how is was supposed to be
This time
You sank right in my plans
When you said it's over now
