

Cordae, Make Up Your Mind

I said, she love me
She love me not
But she don't got not damn clue about what she wants
I said, she love me (Yeah)
She love me not (Huh)
But she don't got not damn clue about what she wants

Yeah, uh, okay
Shawty got mad potential, I see it
Daddy full Black but her momma Korean
She know I'm gettin' money from the cars that I be in
Young rich nigga but the shoes European
Took her to the crib, call that shit sight seein'
Need one woman but I want like ten
But back to the subject, ballin' like fuck it
30k cash on her ass, gotta love it, gotta love it (Huh)

I've been so tired
She keep on pressin' me
Molly and ecstasy, was their name
Hop in this ride
Shawty here next to me
Sittin' and tellin' me
(What she say?)

I said, she love me (Love me)
She love me not
But she don't got not damn clue about what she wants
I said, she love me (Love me)

So go and tell your friends 'bout the dick, huh ('Bout the dick)
Use both hands on the dick (On the dick)
Bounce up and down, move 'round and 'round
Go and change your plans for the dick (For the dick)
