

# Cordae, Today (feat. Gunna)

Hold on, uh

I don't got the time today  
Money on my mind, nigga, I got to grind today  
Get that shit andale  
Told my brothers, "You ain't gotta worry, I'ma find a way"  
Shit gon' line in place  
Hopped off the porch too early what my mama say  
My card ain't decline today  
Sun gon' shine, nigga, sun gon' shine today

I remember them cold nights  
Ninth grade, Chief Keef first dropped "Don't Like"  
Why the time had to go by?  
Eatin' free lunch at the school, used to roll dice  
I remember I ain't have shit (I ain't have it)  
I was broke as fuck, put that shit in the past tense (Nah, for real)  
Check out my Jag' tints (For real)  
Had to boss up, nigga can't live average  
How the fuck niggas still broke? (What the fuck?)  
Put it on my men, nigga, put it on my lil' bros  
Need a Brazil ho  
2003, my cousin taught me how to heel toe  
Swear I ain't dance since (For real)  
Shit going up, nigga, watch how I transcend  
Don't need no damn friends (Hi Level)  
Rap shit for grabs and I swear it's getting rampant

I don't got the time today  
Money on my mind, nigga, I got to grind today  
Get that shit andale  
Told my brothers, "You ain't gotta worry, I'ma find a way"  
Shit gon' line in place  
Hopped off the porch too early what my mama say  
My card ain't decline today  
Sun gon' shine, nigga, sun gon' shine today  
I don't got the time today  
Money on my mind, nigga, I got to grind today  
Get that shit andale  
Told my brothers, "You ain't gotta worry, I'ma find a way"  
Shit gon' line in place  
Hopped off the porch too early what my mama say  
My card ain't decline today  
Sun gon' shine, nigga, sun gon' shine today

Yeah, sun gon' shine today  
Ain't no kids cryin' today  
He done waste his time, too late  
I see he tryna contemplate  
Mansion with a top-notch Playboy Bunny lookin' bitch, see-through lingerie  
Mm, I could pay a crumb for play  
Might bust a few rhymes today  
Mm, mm, hey, hey  
Spinnin' it like you tryna race, hey  
Mm, drippin' feng shui, yeah  
Singin' to 'em like Sade, yeah  
Mm, money every Monday  
Drinkin' holy water, givin' praise to God like Kanye  
Had to take the harder way  
Now I'm doing shows, rockin' New Zealand, me and Cordae  
Back in Australia, mate  
I done paved a wave, even left them a trail to trace  
Police tryna build a case  
I'm just thankin' God I ain't stressin' 'bout bills to pay

I ain't havin' nothin' bad to say  
Bank account loaded, got a half a mil' cash in the safe  
We was gettin' it way back in the day  
Now we in the big body Maybach takin' up space

I don't got the time today  
Money on my mind, nigga, I got to grind today  
Get that shit andale  
Told my brothers, "You ain't gotta worry, I'ma find a way"  
Shit gon' line in place  
Hopped off the porch too early what my mama say  
My card ain't decline today  
Sun gon' shine, nigga, sun gon' shine today
