

Corona, Don't wanna be a star

Yeah
I don't wanna be a star
Don't wanna
No lady
Don't wanna be a star
Uh yeah
I believe we cry too many tears
Because we need love not just money
I believe we have too many fears
We all need someone to call us honey yeah
I believe in what you're giving me
Cause you, you could be a good reason
To survive you'll be my destiny, destiny
My destiny
I don't wanna be a star, oh baby
Don't wanna be a star, sweet baby
I don't wanna be a star, no lady
Don't wanna be a star, my baby
Uh uh uh
With your love you turn me round and round
Your love is to me a special feeling
All my life was just an up and down
But you, you hava changed the whole meaning
Yeh yeh yeh
I believe in what you're giving me
'Cause you, now you are, you are the reason
To survive you'll be my destiny, destiny
My destiny
