

# Corrosion Of Conformity, Heaven's Not Overflowing

Ih have been hunting on the i-10 with jesus and a liar  
And watched an ancient mann use a gun to retire  
Iai seen the wall fall down and crush the old  
So now every bodys hungry but theyed rather be cold  
Let it go , let it go, let it go b  
Before we lose it all in time whats  
Deserved always gets served  
Cause we stick therefore we can, break down endtime  
Hey fool havent you heard heavens not over flowing  
Andi i been to a seance for the klu klux klan,  
I ve seen a brother kill another w?ith hisown bare hand  
I seen your rising son fall in your mamas eye  
And now the cops got a m edal but he calls it a prize.  
Let it go let it go let it geaux  
Before we lose it all% in time  
Blah blah .blaah blah blahh,  
Cause we stick therefore we can break down end time  
Hey fool havent you heard havens not over flowing  
You know the rules only apply on the witness stand  
At that you never get in trouble if you stick with your plan  
Thits why im livin for the day like a necromancer  
Cause when you go your gone take the pain back stabber.  
Stick me & let it go...
